

RUSTIC ARTS LOG FURNITURE™

By Mountain Woods Furniture®

Rustic Arts Log Furniture is a line of aspen wood creations designed for the bedrooms of our value-minded customers. This budget line of log furniture is handcrafted in the Rocky Mountains, and brings the beauty of nature to ski lodges, log homes, cabins, ranches, and suburban dwellings across the country. Our pieces have also added a rustic touch to unique lodges and hotels.

The people who handcraft this line also create our Heirloom line of Mountain Woods Log Furniture, and our rustic Wyoming Collection—created from reclaimed, weathered wood. So you can expect years of durable service and enjoyment from each piece of Rustic Arts Log Furniture. Our company is a leading American producer of rustic furniture since 1991, and our skilled artisans are masters at bringing out the best the wood has to offer.

Our Rustic Arts Log Furniture line has its own class of design features, and is meticulously and durably created from nicely-charactered aspen wood.

Log Beds

- Our corral-style log beds fit around a standard metal bed frame.
- Dual side rails provide support, while the lower rails hide the metal frame.
- Beds are available in twin, full, queen, and king—or cal-king sizes. If you just want a log touch in the bedroom, a headboard can be purchased separately.
- All joints utilize time-tested mortise and tenon construction, and each hearty aspen spindle fits snugly into the stringer, creating a sturdy handcrafted log bed.
- Rustic Arts log beds are finished with a polyacrylic sealant.

For those who prefer a darker finish, all Rustic Arts pieces are available in our Bronze Aspen stain.

Queen Plateau II Bed and 5-Drawer Chest

Casegoods (Dressers, Chests and Nightstands)

- All casegoods have dovetail drawers for strength and stability and are available in half-log or flat drawer fronts. These pieces have aspen corner trim and leg bases.
- The casegoods tops showcase thick, naturally-curved log edges on the front and sides.
- High-quality roller glides and durable hinges are used throughout.
- Rustic Arts pieces are protected all over with polyacrylic finish to resist moisture and stains.
